## LEMP'S

Beer needs no words of recommendation and praise before the public. A beverage as brewed by that extensive firm is like U. S. currency—people take it because they know it is an

and genuine article, and that, like pure air and nutritive food, it is beneficial to health. Because the beer of the Hofbrauerer in Munich is delicious, men, women and children are seen waiting for hours to be served, because the supply of

is not equal to the demand. Even so with Lemp's product. Located at St. Louis he established one of the largest breweries in the world, and yet every year the capacity has to be increased.

## SPORTING NEWS NOTES HERE AND ELSEWHERE

### BASE BALL LEAGUE.

As each war vessel now in the harbor no doubt has a base ball team on board, why would it not be a good thing to organize a league among them, and play a series of games for the championship of the fleet?

One or two games could be played during the week which would no doubt have a good drawing card and would also determine the superiority of a boat's team.

Suitable grounds can be secured, and by charging a small fee a suitable cup could be presented to the winner of the series.

The sporting editor of The Journal would like to get into correspondence with the manager of the several ships' crews.

### PREPARING FOR SEASON.

Affairs at the house of the Pensacola Rowing Club are presenting a very busy appearance now that the season is nearly at hand. An expert boat builder has been engaged to thoroughly overhaul all of the boats in the fleet, and by the opening day, the club will have an up-to-date flotilla of boats in every respect. An order for several new boats and canoes was sent to a prominent firm of boat builders during the past week.

On the occasion of the opening of the season, when the club goes into commission a jolly time will be had at the club house. The date, when the club will go into commission, has not yet been settled.

### PENSACOLA ROWING CLUB.

There will be a meeting of the Pensacola Rowing Club on Tuesday night at the office of the Pensacola Clinic.

## BEAUTIFUL EAST HILL CITY PARK

**CITY PROPERTY ON BAYOU TEXAS COULD BE MADE A VERY ATTRACTIVE PLACE.**

People who have had occasion to take a ride around the East Hill park recently have been impressed with the beauty of that portion of the city which slopes from the car line down to Bayou Texar. The owners of the ground have been clearing it up, cutting out and burning the undergrowth, and otherwise improving their property, and the place now is exceptionally attractive.

The city has a park on Bayou Texar containing something like 35 acres and located directly east of where the car line turns south from Thirteenth street. This park is, or would be, one of the most beautiful places in the city, but unfortunately it has never been cleared up and there is nothing about it to identify it as a city park.

If the city were to cut out the undergrowth from this place, leaving the larger pines and oaks, and lay out the grounds in attractive shape, it would soon become one of the most popular pleasure resorts in the city and especially for ladies and children.

East Hill is a beautiful location and this park and the property adjoining it forms one of the loveliest spots in the city.

That if you should desire to acquire an annuity to your estate an insurance policy is much better than stocks or bonds, and may be secured more easily, being sold in annual payments without interest, and the Union Central Annuity Bond will yield you as good an investment even during your life as the net income from stocks and bonds.
